## FOUR KILLED AND FOUR ARE WOUNDED

**OFFICERS AND NEGROES HAVE PITCHED BATTLE ON HICKORY GROUND.**

**Forty-One Prisoners Are Taken to Jail in Muskogee—Officer Fowler Fatally Wounded.**

The dead:  
Will Colbert, negro.  
Three unidentified negroes.  
The injured:  
Timothy Fowler, white, shot through head and abdomen. Will die.  
Silas Foster, negro, hip broken.  
John Black, negro, shot through thigh.  
Lee Kimball, negro, arm broken.

Muskogee, Okla., March 25.—Four negroes were killed, four wounded and Henry J. Fowler, a white man, 60 years old, member of the sheriff's posse fatally wounded in a pitched battle between 14 officers of McIntosh and Okmulgee counties, which occurred at Old Hickory Ground, the stomping ground of the Snake Indians, six miles southwest of Henryetta, this morning.

The battle lasted from daybreak until 9 o'clock. The negroes were routed and 41 prisoners and sixteen steel ball rifles captured. Forty of the prisoners were loaded on the Missouri, Oklahoma & Gulf train and brought to Muskogee tonight. They were held in the federal jail until 9:30 and taken to Enfield, the county seat of McIntosh county.

G. W. Chappell of Henryetta, who was in the fight, told the story of the battle: "A. W. Patty, a deputy sheriff, of McIntosh county, was sent to Hickory Ground yesterday morning to search for some stolen goods.

He was met by a crowd of armed negroes who told him to move on. They pointed their guns at the officer and threatened to brain him with an ax. Patty returned to Henryetta and secured the assistance of thirteen deputies. The posse went to a small store near Hickory Ground last evening and Patty was fired upon. There were perhaps a hundred negroes, and we retreated. During the night we crawled up around their camp. One of the negroes saw one of our men at daybreak and opened fire. We had dispatched Officer Joe Ferguson for more aid the night before and were expecting help at any moment. So hot was the fire of the negroes that we had to fight from our trenches. Tim Fowler raised his head to survey the surroundings and was hit by a steel bullet in the body. He cannot recover. We exchanged about 400 shots. The negroes were routed and we surrounded those who had scattered and made them surrender. It was a hard fight, lying on our stomachs on the ground and fighting the best we could."

The officers, after reaching here tonight, were fatigued from the long strain. None had eaten a meal since yesterday noon.

The battle was the result of trouble last July, when the Snakes defied the state officials. There were but a half dozen Indians in the gang brought here tonight. The negroes are a part of the Snake faction which has been credited with many depredations in McIntosh and Okmulgee counties for the past six months.

Two wounded negroes were taken to Henryetta today. It is the belief of the officers that a number of the wounded escaped.

## LETTER FROM WEATHERFORD.

**Mrs. Dunstan Writes of the Southwestern Normal School and Congratulates Ada.**

Weatherford, Okla., March 25.—To the Ada News: The contract for the new building has just been let. It is to cost \$95,000 and is to be strictly modern in every detail. Work on the building will be begun next week and the builders are under contract to have it finished by January next. The completion of this building will put the Southwestern in ample shape to care for its increasing patronage.

Prof. W. S. Bryan, head of the Educational Department, has been transferred to Edmond as vice president and Supt. Lynn Glover of Bartlesville city schools fills the vacancy here.

Basket ball season closed a week ago making a creditable showing for the Southwestern. The base ball season opened last Friday, the Cordell team playing the Southwestern here to the tune of 8 to 10 in favor of the Southwestern.

Prof. Geo. A. Landrum, head of the Expression Department, goes to Frederick this week to give an entertainment and in the meantime speak a good word for our school.

Vice President Cowart and several other members of the faculty made a business trip to Guthrie this week.

On March 19th, the Faculty of the Southwestern gave a banquet at the home of President Sharp in honor of Senator Williams. As a token of their appreciation for his valuable services rendered the Southwestern during the first and second sessions of the legislature.

On April 1st the Southwestern Orchestra and Glee Club and the Expression teacher, Prof. Landrum go to Elk City for an evening's entertainment. On April 2nd for one night's program, at Sayre. On April 3rd, will be with the Custer county teacher in Clinton. We have real talent in our music department and feel sure that at each place we will be ably represented and expect them to give each town an entertainment they will appreciate. Prof. Landrum is a reader of reputation and always makes good, both on the stage and in the class room.

The Southwestern has followed the efforts of the Ada people in their struggle for the Normal and fully appreciate the advantages it gives not only for Ada but for the neighboring towns and surrounding country. There is no way to estimate the lasting good a State Normal school will give any country and it is worth every effort and price a town can give.—Mrs. Dunstan.

## EDITOR AND LEGISLATOR SECRETARY TO HASKELL

**W. B. ANTHONY WILL RESIGN AS REPRESENTATIVE.**

**To Succeed J. M. Sandlin as Private Secretary to the Governor of Oklahoma.**

Guthrie, Okla., March 25.—Gov. Haskell tonight announced the appointment of W. B. Anthony, editor of the Marlow Review, and member of the Legislature from Stephens county, as his private secretary, vice J. M. Sandlin, who becomes judge of the Logan county superior court. The change will take place not later than Monday, by which time Mr. Anthony will have tendered his resignation as a member of the legislature.

Some days ago Attorney General West gave an opinion that prevented Anthony's appointment, inasmuch as Mr. Anthony was a member of the State's lawmaking body, hence barred by the constitution from accepting another office. Today, however, the Attorney General reached the conclusion that the position of private secretary was not an office within the meaning of the constitution. The announcement of Mr. Anthony's appointment followed.

The new Secretary was a member of the First Legislature and the author of tax laws which bear his name. He managed the general revenue bill passed by the second legislature as chairman of the house committee on revenue and taxation.

## Big Reception Planned.

Guthrie, Okla., March 25.—Thirty-six hundred invitations have been issued by the officers of the state administration to the grand reception to immediately follow and honor the nuptials of Miss Frances Lillian Haskell and Leslie Niblack next Wednesday night. No invitations have been issued for the wedding which will be performed in Governor Haskell's office. The reception is intended to be the greatest in the history of the state as is duly fitting the wedding of the charming daughter of Oklahoma's first executive to one of the most prominent editors in the state.

As many of the invitations are for "yourself and wife" it is expected that fully 5,000 will be present at the reception.

## MASS MEETING OF ADA CITIZENS

**MEET IN 25,000 CLUB ROOMS YESTERDAY AFTERNOON AND DISCUSS THE NORMAL VICTORY.**

## DISCUSS PLANS FOR FUTURE

**Decide to Tender Board of Regents Temporary School Facilities for Normal Until State Building Is Completed.**

After receipt of information to the effect that the Ada Normal Bill had been signed by Governor Haskell, E. H. Lucas, president of the 25,000 Club and an indomitable and intrepid spirit, sent out a hurry-up call to the citizens to gather in the club rooms at five o'clock for the purpose of holding an informal jubilee and discussing plans and appointing committees for future action.

The first proposition discussed was that of providing facilities for the Normal pending the completion of the new structure. Croxton, McKeel and Torbett, of the city school board, were called on for short talks relative to this question. Mr. Croxton stated that the school board had gone over the proposition before and had decided to go their full length toward making adequate arrangements in the way of facilities for the normal. Judge McKeel expressed the opinion that the new city school buildings would be near enough completion that these, together with the old buildings, would furnish ample quarters for both city school and normal students. He further stated that it was the sense of the board to go the limit in providing ample accommodations for the normal, also that he believed that this plan would meet the approbation of every citizen of Ada. Mr. Torbett vouched for the previous statements and heartily approved of the plans.

E. E. Matthews made a motion to the effect that it be the sense of the citizenship of Ada in mass meeting assembled, that we extend to the board of regents the immediate use of our city school facilities. The motion carried unanimously.

The next question discussed was that of holding a banquet and normal celebration on the night of April 3rd, at which time Governor Haskell has consented to be present. This matter was thoroughly discussed and on motion the chairman appointed the following committee on arrangement: C. M. Chauncey, E. W. Hardin, Geo. Thompson, J. T. Conn and S. M. Torbett. On motion E. H. Lucas, the genial chairman, was added to the committee. This committee is to act in conjunction with the women's clubs of the city who will arrange for the banquet.

It was decided to immediately send out invitations to all members of the legislature, the state board of regents and other prominent citizens, and an invitation committee composed of the following gentlemen was appointed: E. E. Matthews, P. J. Eiter, W. C. Duncan and W. H. Ebey.

The committee on arrangements are already busy and are working out the details as fast as possible. We were handed a personnel of the reception committee this morning and it consists of the following live ones: R. M. Roddie, chairman; E. S. Ratliff, Frank Huddleston, F. J. Eiter, W. J. Ebey, Jno. W. Beard, Otis B. Weaver, A. H. Constant, A. L. Beck, Tom Hope, J. W. Hays, M. W. Ligon, J. W. Bolen, C. M. Chauncey, W. L. Reed.

The banquet will be a five course affair and strictly up to the standard. Tickets will sell at \$2.00 each and they won't last long either. C. A. Gallbraith will be toastmaster, and he will be assisted on arrangement by T. D. McKeown and J. F. McKeel.

## OUR GUTHRIE CORRESPONDENT

Guthrie, Okla., March 25.—A report appears to have become current and to have been published in several papers, that no law was passed by the legislature regulating the leasing of school lands that are not to be sold. Such report is in error as one of the important bills providing for leasing lands and contains more explicit regulations than any other law ever enacted by an Oklahoma legislature. Lessees are protected in their improvements and will be given a ten years lease on a four percent basis of the appraised value of the land.

The wedding of Miss Haskell, the governor's daughter to Leslie Niblack on the 31st of this month is creating much interest. The prominence and popularity of the contracting parties is such as to interest society and when coupled with the fact that hundreds of invitations are out and that the wedding will be attended by prominent people from all over the state, it is little wonder that society is all interested. The state house is now being decorated for the occasion and the 31st will be a holiday in the

different state departments.

New laws are being made rapidly by the governor signing bills. Saturday is the last day and all bills not signed will be killed.

Yesterday evening and today the following were signed.

House Bill No. 472, prohibiting the sale of certain fruit trees not true to name and providing penalty therefor.

Senate Bill No. 367, authorizing the school land commissioners to give mortgages on certain public building lands to secure debenture bonds for public building purposes. This is the law which makes it possible to proceed with public buildings before the funds are paid for the lands which will be sold on time.

House Bill No. 300 providing terms for county courts.

Senate Bill 38 defining dependent, neglected and delinquent, children and giving the county court control and custody of such cases.

### CERTAIN RESULTS.

Many an Ada Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Ada. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

M. J. Malone, Jr., 325 W. Sixteenth St., Ada, Okla., says: "The results I obtained from the use of Doan's Kidney Pills, procured from G. M. Ramsey's drug store, far exceeded my expectations. For five years I was a great sufferer from a weak back and other symptoms of kidney disorder. The kidney secretions were usually very unnatural and the passages were attended by a scalding sensation. I had sharp, piercing pains through my loins and there was a constant ache across the small of my back and through my hips that seemed to sap my energy. Since using Doan's Kidney Pills I have felt well and my kidneys have been performing their functions properly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### FOREIGN MISSION SOCIETY.

Methodist Organization of Women Elects Officers.

McAlester, Ok., March 25.—The Woman's Foreign Mission Society of the Methodist Episcopal church, South for the Oklahoma Conference, closed its annual meeting here this evening with the election of officers, as follows: President, Mrs. G. B. Hester, Muskogee (elected for the tenth time); first vice president, Mrs. J. C. Fowler, Chelsea; second vice president, Mrs. R. E. L. Morgan, Norman; recording secretary, Mrs. J. H. Ball, Durant; corresponding secretary, Mrs. H. B. Spaulding, Muskogee; treasurer, Mrs. W. J. Strang, Chelsea; editor, Mrs. J. A. Bivens, Ardmore.

The next meeting will be held at Wilburton. The amount of money contributed was twice what it was the year before and the membership has doubled.

Furman, Roddie and Campbell Are Greeted by Throng of Friends on Their Return Home Today.

Judge Henry M. Furman, Senator Reuben M. Roddie and Swamp Campbell returned from Guthrie this morning.

ing. They were met at the Katy depot by a throng of Ada citizens who were anxious to do honor to their distinguished friends. They were escorted to the 25,000 club rooms where they all made addresses appropriate to the occasion.

In a few well chosen remarks, Judge Furman presented to Senator Roddie the pen with which Governor Haskell signed the Ada Normal bill and to John Beard the one with which the bill was approved.

### CHATS WITH BUSINESS MEN

Wellington at Waterloo said: "Hard pounding, gentlemen, but we will see who can pound the longest." When a friend asked Lincoln if he really meant to finish the war during his administration, the great tribune replied: "Can't say, sir," and, on being further pressed as to his intentions, doggedly answered: "Peg away, sir, peg away!" Pegging away did it. Grant in the wilderness grimly said he would "fight it out on this line if it took all summer," and fight it out he did. In relentless determination and invincible persistence lay the secret of Grant's success as a soldier, just as in these qualities are found that impelling force which places men in front ranks of action and enables them to overcome and vanquish all difficulties that lie in the way.

The history of the race from time immemorial proves that only through indefatigable zeal and a stubborn persistence born of an invincible determination to advance in the life struggle can the ideal be attained. Why do so many fall by the way who set out with bounding hope to reach the wished for goal? They failed to call to their aid that indomitable will which knows no defeat, which is ever ready to tackle and overcome every difficulty that presents itself in the path to onward progress. No man ever yet gained his object supinely lying down and remaining quiescent for the world to come up and pass over him, making no effort in the struggle that is ever being waged in the march of advancement toward the fulfillment of cherished hopes.

They cause griping, nausea and other distressing after-effects that are frequently health destroying and a life lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, laxative, strengthening and healing remedial active principles of the best known intestinal regular tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relax, dry muscular coat of the bowel, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c., and 36 tablets 25c. The Gwin-Mays Drug Co., West Main St.

**SLANG PHILOSOPHY.**

BY SARDONICUS

Ambition taken in overdoses leadeth to the bug ward and the baby farm.

A little of it is all right, and goes a great ways, but when you commence to get big bumps on your forehead and to have dope dreams of being a second Rockefeller, beat it back to earth and wake up before the bubble bursts.

You'll go to the bad trying to be too much and some more.

Maybe you're a happy pinhead and if so you're better off than if you were a worried millionaire.

Overhanging foreheads don't always mean light hearts and good appetites.

Take a lesson from Napoleon. He was happy enough until the fame microscope got to work in his thick tank, and then he flew off his noodle and started out to conquer any old world in sight. They couldn't come fast enough for him. He was hungry to eat up a few more planets and put a couple of dozen more empires on the blink. He started out by shaking poor old Josephine, and she put the kibosh and a couple of black-hand curses on him, and they stuck good and plenty.

He was a conqueror from Conquerorsville, but he got to reading the wrong dope sheet and smoked too many of the sure-success pills.

Mr. Wellington, who was in the duke business, met him one day out near the gashouse and lava beds of Waterloo and put the double cross on him to a soulful finish. They gave him a free trip to St. Helena in the stokehold and turned him loose a la Robinson Crusoe.

Then something seemed to tell him he was a bum conqueror, and he had a couple of fits and turned up his toes.

They built a nice monument over him on which should have been graven "Too Much Ambish."

The moral is, keep where you belong. Don't try to butt in too high, for the higher you go the harder you fall.

You might be president some day, but the chances are you won't. You have about as much chance as a polar bear in hades.

But don't let it worry you. Get what you can, and get it easy. If you can't be a king, you can be a jack, so what's the use.

Cut that worry thing and get the smile on.

Save your think works and your digestion. A full stomach is better than a bum kingdom. anyhow. Look your ambition and beat back to the simple life. There is more fun fishing in the woodland brook than dodging dynamite bombkis or being chased all over your empire by anarchists.

Uneasy rests the nut that wears a crown.  
Sit on your ambition and get happy.

## Ada Evening News.

ADA, OKLAHOMA

Now that Winam is 60 years old it will be hard for him to pose as a boy kaiser.

"Women and children first," said Capt. Sealby. This is still the age of chivalry.

Though 50 years old, the kaiser is still picking up bits of valuable information.

The Cornell university library now contains over 353,000 volumes and more than 53,000 pamphlets.

The sale of matches made of white phosphorus has been prohibited in England by act of parliament.

Another good thing about the water wagon is the small amount of repair bills ever incurred on its account.

New York doctor says that happy childhood on a farm is impossible. Please note that a New York doctor says it.

Mr. John D. Rockefeller's physician has assured him of living to be 100. A doctor worth having! May his patient never miss his old friends, either.

In Oregon a ten-inch hatpin is to be the limit. Thus are slang and legal phraseology working pleasantly hand in hand in the interest of a great and good cause.

Miss C. de H. Benest is the first woman driver of a motor omnibus in England. She was the only woman to take the examination for motor engineering recently held in London.

A woman in New York wants a divorce on the constitutional ground of involuntary servitude. This is merely another variation of the time-honored demand of the woman to boss the weaker sex.

Now a traitor to her sex comes forward to explain publicly how a woman's age may be told by her wrinkles. As if in this age of beauty culture and perennial youth anybody ever saw such an anomaly as a wrinkled woman.

A tunnel more than a mile in length, said to be the longest in existence for use by a municipal electric railway, has been opened for operation by the Genoa Street railway. It connects Genoa with the adjacent large commune of Rivarolo.

That gentleman who suggests that we provide a comprehensive deep-waterway scheme for the whole country before spending much money on waterways appears to have a longer head than those belonging to some enthusiasts on this popular topic.

Many persons who are otherwise total abstainers permit the use of whiskey as a stimulant in case of accidents. It is interesting to note that the regulation "first aid" stimulant for miners is becoming, not alcohol, but coffee and aromatic spirits of ammonia.

Kansas proposes to teach its women citizens how to cook. And Kansas is a state in which women have the right to vote. The suffragists may find therein a potent argument to use to overcome the masculine opposition on the lines of the celebrated recipe to make a man happy—"Feed the brute."

Evidence is accumulating that the Chinese in some parts of the empire are enforcing the edict against the cultivation of the opium poppy. When orders were issued to certain peasants against the further cultivation of the poppy near Amoy, and resistance was offered by more than 2,000 of them, the authorities used force against them.

Kansas is about to have a law that will make it a penitentiary offense for a fruit tree agent to sell one kind of a tree and deliver another, and the purchaser is given seven years in which to detect the fraud. The Kansas farmer has been fooled so often by these agents that he has at last "turned," like the proverbial worm, says the Indianapolis Star.

Society people who want a new fashion frequently revive an old one, which explains, perhaps, why earrings have "come back." While they have been "out" they seem to have been growing. At the opera recently a woman of New York society displayed a pair of pendants five inches in length, and informed her friends that they were the latest thing from London.

At the woman suffrage banquet in New York, which was addressed by Mrs. Clarence Mackay, the social leader, she wore a handsome gown of a soft gold-color chiffon velvet with old gold lace, and a large brown picture hat with lace and brown plumes. Congratulations to the suffragettes upon having at last acquired the art of making their gatherings attractive as well as more or less interesting!

Mr. Marconi does not, of course, regard the collision of the Republic and the Florida as an affair arranged for the advertisement of his invention, still he will necessarily not regret the favorable attention called to it.

A nugget of gold weighing more than five pounds has been found in an old placer in the Highland district by John Kern and has been deposited in the bank of W. A. Clark & Bro., in Butte. Its exact weight is 60 ounces and 17 pennyweights, troy.

## NEW STRENGTH FOR WOMEN'S BACKS.

How to Make a Bad Back Better.

Women who suffer with backache, bearing down pain, dizzy spells, and that constant feeling of dullness and tiredness, will find hope in the advice of Mrs. Mary Hinson of 21 Strother St., Mt. Sterling, Ky. "Had I not used Doan's Kidney Pills I believe I would not be living to-day," says Mrs. Hinson. "My eyesight was poor, I suffered with nervous, splitting headaches, spots would dance before my eyes, and at times I would be so dizzy I would have to grasp something for support. My back was so weak and painful I could hardly bend over to button my shoes and could not get around without suffering severely. Doan's Kidney Pills helped me from the first, and I continued until practically well again."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

"We Have Many Similar"  
The following is an extract from a letter received from Mr. H. H. Meyers of Stuttgart, Ark.: "You would greatly oblige me if you would introduce your Lightning Oil at Millersville, Ill., as I have many friends and relatives there, in whom I am much concerned, and I understand the Oil is not kept there. I can recommend it as the best medicine I ever had in my house. It cured me of a bad case of the Bloody Flux in less than one-half hour, and it cured my granddaughter of a bad case of Cholera Morbus in a very short time."

The Retort Salty.  
Summer Visitor—Did you ever see a waterspout, Capt. Oldsalt?  
Capt. O.—Aye, mum, that I have, dozens of 'em.  
S. V.—Really, how remarkable! Where did you see them, if I may ask?  
Capt. O.—At the plumber's, mum, at the plumber's.

Distinction Without Difference.  
While holding a term of court at Augusta once, Judge Walton sentenced a man to seven years in prison for a grave crime. The respondent's counsel asked for a mitigation of the sentence on the ground that the prisoner's health was very poor. "Your honor," said he, "I am satisfied that my client cannot live out half that term, and I beg of you to change the sentence." "Well, under those circumstances," said the judge, "I will change the sentence. I will make it for life instead of seven years."

Her Logic.  
Anna Margaret had a great many toys, and her mother thought she ought to give some of them away before Christmas to less fortunate children. Anna Margaret was willing to part with the broken trunk and the cracked set of dishes and the one-legged Teddy bear, and a few other toys that were in the same dilapidated condition. But when it came to her pet baby doll, the one that went to sleep with her every night, she rebelled. Mother assured her that Santa Claus would undoubtedly bring her another doll, even better; but she refused to be comforted.  
"Mother," she wailed, "if God sent Aunt Jessie another baby, would she give Baby Jean away?" She kept her doll.—Harper's Bazar.

PRIZE FOOD  
Palatable, Economical, Nourishing.

A Nebr. woman has outlined the prize food in a few words, and that from personal experience. She writes: "After our long experience with Grape-Nuts, I cannot say enough in its favor. We have used this food almost continually for seven years. "We sometimes tried other advertised breakfast foods but we invariably returned to Grape-Nuts as the most palatable, economical and nourishing of all."

"When I quit tea and coffee and began to use Postum and Grape-Nuts I was a nervous wreck. I was so irritable I could not sleep nights, had no interest in life.

"After using Grape-Nuts a short time I began to improve and all these ailments have disappeared and now I am a well woman. My two children have been almost raised on Grape-Nuts, which they eat three times a day. "They are pictures of health and have never had the least symptom of stomach trouble, even through the most severe siege of whooping cough they could retain Grape-Nuts when all else failed."

"Grape-Nuts food has saved doctor bills, and has been, therefore, a most economical food for us." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pkgs. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## HOME TONIC FOR OLD PEOPLE

Wonderful results, eventually restoring full physical vigor, are obtained from the following: To one-half pint good whiskey, add one ounce syrup sarsaparilla and one ounce Toris compound, which can be procured from any druggist. Take in teaspoonful doses before each meal and before retiring.

Architectural Note.

Judge Balcom was talking to a crowd on the street a few days ago, telling them the proper way to put shingles on a house. He said: "The old rule was to allow six inches of the shingle to 'show to the weather,' but that is too much. You should allow not more than four inches to show." Some was remarked in a matter-of-fact tone to the judge: "How would it do not to let any show?" The judge replied, "I've seen roofs made that way; but it takes a great many shingles." Then the judge wanted to get mad when the crowd laughed.—Twigg County (Ga.) Citizen.

Professor Munyon has just issued a most beautiful, useful and complete Almanac; it contains not only the scientific information concerning the moon's phases, in all the latitudes, but has illustrated articles on how to read character by phrenology, palmistry and birth month. It also tells all about card reading, birth stones and their meaning, and gives the interpretation of dreams. It teaches beauty culture, manicuring, gives weights and measures, and antidotes for poison. In fact, it is a Magazine Almanac, that not only gives valuable information, but will afford much amusement for every member of the family, especially for parties and evening entertainments. Farmers and people in the rural districts will find this Almanac almost invaluable.

It will be sent to anyone absolutely free on application to the MUNYON REMEDY COMPANY, PHILADELPHIA.

Tenderness.

It was in the hotel of a western mining town that the New England guest, registering in the office, heard a succession of yowl yells.

"What in the world is that—a murder going on upstairs?" he demanded. "No," said the clerk, as he slammed the book and lounged toward the stairs. "It is the spring bed up in No. 4. That tenderfoot up there don't get the hang of it, and every few days he gets one of the spiral springs screwed into him like a shirt stud. I guess I'll have to go up, if there ain't anything more I can do for you for a few minutes."—Youth's Companion.

Thoughtful Child.

They are considerate youngsters in England, as most people know. A little boy whose grandmother had just died wrote the following letter, which he duly posted: "Dear Angels: We have sent you grandma. Please give her a harp to play, as she is short-winded and can't blow a trumpet."—London Tit-Bits.

# Fracture For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

tract from correspondence National Association of August, 1908.

It is now possible to secure a homestead of 160 acres free and another 160 acres at \$3.00 per acre. Hundreds have paid the cost of their farms (if purchased) and then had a balance of from \$10.00 to \$12.00 per acre from one crop. Wheat, barley, oats, flax—all do well. Mixed farming is a great success and dairying is highly profitable. Excellent climate, splendid schools and churches, railways bring most every district within easy reach of market. Railway and land companies have lands for sale at low prices and on easy terms.

"Last Best West" pamphlets and maps sent free. For these and information as to how to secure lowest railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent.

## FOUR KILLED AND FOUR ARE WOUNDED

### OFFICERS AND NEGROES HAVE PITCHED BATTLE ON HICKORY GROUND.

Forty-One Prisoners Are Taken to  
Jail in Muskogee—Officer Fowler  
Fatally Wounded.

The dead:  
Will Colbert, negro  
Three unidentified negroes  
The injured:  
Timothy Fowler, white, shot  
through head and abdomen. Will die.  
Shas Foster, negro, hip broken.  
John Black, negro, shot through  
thigh.  
Lee Kimball, negro, arm broken

Muskogee, Okla., March 25.—Four  
negroes were killed, four wounded  
and Henry J. Fowler, a white man,  
60 years old, member of the sheriff's  
posse fatally wounded in a pitched  
battle between 14 officers of McIntosh  
and Okmulgee counties, which oc-  
curred at Old Hickory Ground, the  
stomping ground of the Snake In-  
dians, six miles southwest of Henry-  
etta, this morning.

The battle lasted from daybreak  
until 9 o'clock. The negroes were  
killed and 41 prisoners, and sixteen  
steel ball rifles captured. Forty of  
the prisoners were loaded on the  
Missouri, Oklahoma & Gulf train and  
brought to Muskogee tonight. They  
were held in the federal jail until  
9:30 and taken to Eufaula, the county  
seat of McIntosh county.

G. W. Chappell of Henryetta, who  
was in the fight, told the story of  
the battle: "A. W. Patten, a deputy  
sheriff, of McIntosh county, was sent  
to Hickory Ground yesterday morn-  
ing to search for some stolen goods.

He was met by a crowd of armed  
negroes who told him to move on.  
They pointed their guns at the of-  
ficer and threatened to brain him  
with an ax. Patten returned to Hen-  
ryetta and secured the assistance of  
thirteen deputies. The posse went to  
a small store near Hickory Ground  
last evening and Patten was fired upon.  
There were perhaps a hundred ne-  
groes, and we retreated. During the  
night we crawled up around their  
camp. One of the negroes saw one  
of our men at daybreak and opened  
fire. We had dispatched Officer Joe  
Ferguson for more aid the night be-  
fore and were expecting help at any  
moment. So hot was the fire of the  
negroes that we had to fight from  
our trenches. Tim Fowler raised his  
head to survey the surroundings and  
was hit by a steel bullet in the body.  
He cannot recover. We exchanged  
about 400 shots. The negroes were  
routed and we surrounded those who  
had scattered and made them sur-  
render. It was a hard fight, lying  
on our stomachs on the ground and  
fighting the best we could."

The officers, after reaching here to-  
night, were fatigued from the long  
struggle. None had eaten a meal since  
yesterday noon.

The battle was the result of trouble  
last July, when the Snakes defied the  
state officials. There were but a half  
dozen Indians in the gang brought  
here tonight. The negroes are a part  
of the Snake Nation which has been  
credited with many depredations in  
McIntosh and Okmulgee counties for  
the past six months.

Two wounded negroes were taken  
to Henryetta today. It is the belief  
of the officers that a number of the  
wounded escaped.

### LETTER FROM WEATHERFORD.

Mrs. Dunstan Writes of the South-  
western Normal School and  
Congratulates Ada.

Weatherford, Okla., March 25.—  
To the Ada News: The contract for  
the new building has just been let.  
It is to cost \$95,000 and is to be  
strictly modern in every detail. Work  
on the building will be begun next  
week and the builders are under con-  
tract to have it finished by January  
next. The completion of this build-  
ing will put the Southwestern in ample  
shape to care for its increasing pa-  
tronage.

Prof. W. S. Bryan, head of the Ed-  
ucational Department, has been trans-  
ferred to Edmond as vice president  
and Supr. Lynn Glover of Bartles-  
ville city schools fills the vacancy  
here.

Basket ball season closed a week  
ago making a creditable showing for  
the Southwestern. The base ball sea-  
son opened last Friday, the Cordell  
team playing the Southwestern here  
to the tune of 8 to 10 in favor of  
the Southwestern.

Prof. Geo. A. Landrum, head of the  
Expression Department, goes to Fred-  
erick this week to give an entertain-  
ment and in the meantime speak a  
good word for our school.

Vice President Cowart and several  
other members of the faculty made  
a business trip to Guthrie this week.

On March 19th, the Faculty of the  
Southwestern gave a banquet at the  
home of President Sharp in honor of  
Senator Williams. As a token of  
their appreciation for his valuable  
services rendered the Southwestern  
during the first and second sessions of  
the legislature.

On April 1st the Southwestern Or-  
chestra and Glee Club and the Ex-  
pression teacher, Prof. Landrum go  
to Elk City for an evening's enter-  
tainment. On April 2nd for one  
night's program, at Sayre. On April  
3rd, will be with the Custer county  
teacher in Clinton. We have real tal-  
ent in our music department and feel  
sure that at each place we will be  
ably represented and expect them to  
give each town an entertainment they  
will appreciate. Prof. Landrum is a  
reader of reputation and always  
makes good, both on the stage and  
in the class room.

The Southwestern has followed the  
efforts of the Ada people in their  
struggle for the Normal and fully  
appreciate the advantages it gives  
not only for Ada but for the neigh-  
boring towns and surrounding coun-  
try. There is no way to estimate the  
lasting good a State Normal school  
will give any country and it is worth  
every effort and price a town can  
give.—Mrs. Dunstan.

## EDITOR AND LEGISLATOR SECRETARY TO HASKELL

W. B. ANTHONY WILL RESIGN AS  
REPRESENTATIVE.

To Succeed J. M. Sandlin as Private  
Secretary to the Governor  
of Oklahoma.

Guthrie, Ok., March 25.—Gov. Has-  
kell tonight announced the appoint-  
ment of W. B. Anthony, editor of the  
Marlow Review, and member of the  
Legislature from Stephens county, as  
his private secretary, vice J. M. Sand-  
lin, who becomes judge of the Logan  
county superior court. The change  
will take place not later than Mon-  
day, by which time Mr. Anthony will  
have tendered his resignation as a  
member of the legislature.

Some days ago Attorney General  
West gave an opinion that prevented  
Anthony's appointment, inasmuch as  
Mr. Anthony was a member of the  
State's lawmaking body, hence bur-  
dened by the constitution from accept-  
ing another office. Today, however,  
the Attorney General reached the con-  
clusion that the position of private  
secretary was not an office within the  
meaning of the constitution. The an-  
nouncement of Mr. Anthony's appoint-  
ment followed.

The new Secretary was a member  
of the first Legislature and the au-  
thor of tax laws which bear his name.  
He managed the general revenue bill  
passed by the second legislature as  
chairman of the house committee on  
revenue and taxation.

### Big Reception Planned.

Guthrie, Okla., March 25.—Thirty-  
six hundred invitations have been is-  
sued by the officers of the state ad-  
ministration to the grand reception to  
immediately follow and honor the  
nuptials of Miss Frances Lillian  
Haskell and Leslie Niblack next Wed-  
nesday night. No invitations have  
been issued for the wedding which  
will be performed in Governor Has-  
kell's office. The reception is in-  
tended to be the greatest in the his-  
tory of the state as is duly fitting  
the wedding of the charming daughter  
of Oklahoma's first executive to one  
of the most prominent editors in the  
state.

As many of the invitations are for  
'yourself and wife' it is expected  
that fully 5,000 will be present at  
the reception.

## MASS MEETING OF ADA CITIZENS

MEET IN 25,000 CLUB ROOMS YES-  
TERDAY AFTERNOON AND  
DISCUSS THE NORMAL  
VICTORY.

### DISCUSS PLANS FOR FUTURE

Decide to Tender Board of Regents  
Temporary School Facilities for  
Normal Until State Building  
Is Completed.

After receipt of information to the  
effect that the Ada Normal Bill had  
been signed by Governor Haskell, E.  
H. Lucas, president of the 25,000 Club  
and an indomitable and intrepid spir-  
it, sent out a hurry-up call to the cit-  
izens to gather in the club rooms at  
five o'clock for the purpose of hold-  
ing an informal jubilee and discuss-  
ing plans and appointing committees  
for future action.

The first proposition discussed was  
that of providing facilities for the  
Normal pending the completion of the  
new structure. Croxton, McKee and  
Torbett, of the city school board,  
were called on for short talks rela-  
tive to this question. Mr. Croxton  
stated that the school board had  
gone over the proposition before and  
had decided to go their full length  
toward making adequate arrange-  
ments in the way of facilities for  
the normal. Judge McKee expressed  
the opinion that the new city school  
buildings would be near enough com-  
pletion that these, together with the  
old buildings, would furnish ample  
quarters for both city school and  
normal students. He further stated  
that it was the sense of the board  
to go the limit in providing ample  
accommodations for the normal, also  
that he believed that this plan would  
meet the approval of every citizen  
of Ada. Mr. Torbett vouched for the  
previous statements and heartily ap-  
proved of the plans.

E. R. Matthews made a motion to  
the effect that it be the sense of the  
citizenship of Ada in mass meeting  
assembled, that we extend to the  
board of regents the immediate use  
of our city school facilities. The  
motion carried unanimously.

The next question discussed was  
that of holding a banquet and nor-  
mal celebration on the night of April  
3rd, at which time Governor Has-  
kell has consented to be present.  
This matter was thoroughly discussed  
and on motion the chairman ap-  
pointed the following committee on  
arrangements: C. M. Casuncy, E.  
W. Hardin, Geo. Thompson, J. T.  
Conn and S. M. Torbett. On mo-  
tion E. H. Lucas, the general chair-  
man, was added to the committee.  
This committee is to act in conjunc-  
tion with the women's clubs of the  
city who will arrange for the ban-  
quet.

It was decided to immediately send  
out invitations to all members of the  
legislature, the state board of re-  
gents and other prominent citizens,  
and an invitation committee com-  
posed of the following gentlemen was  
appointed: E. E. Matthews, P. J. Et-  
ter, W. C. Duncan and W. H. Ebey.

The committee on arrangements  
are already busy and are working  
out the details as fast as possible.  
We were handed a personnel of the  
reception committee this morning and  
it consists of the following five ones:  
R. M. Roddie, chairman; E. S. Rat-  
liff, Frank Huddleston, F. J. Eiter,  
W. H. Ebey, Jno. W. Beard, Otis E.  
Weaver, A. H. Constant, A. L. Beck,  
Tom Hope, J. W. Hays, M. W. Ligon,  
J. W. Bolen, C. M. Chauncey, W. L.  
Reed.

The banquet will be a five course  
affair and strictly up to the stand-  
ard. Tickets will sell at \$2.00 each  
and they won't last long either. C. A.  
Gallbraith will be toastmaster, and  
he will be assisted on arrangement  
by T. D. McKeown and J. F. Mc-  
Keel.

**THEY INJURE CHILDREN.**

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health destroying and a life lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, laxative, strengthening and healing remedial active principles of the best known intestinal regular tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relax, dry muscular coat of the bowel, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly making laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c, and 36 tablets 25c. The Gwin-Mays Drug Co., West Main St.

**SLANG PHILOSOPHY.**

BY SARDONICUS

Ambition taken in overdoses leadeth to the bug ward and the hoary farm.

A little of it is all right, and goes a great ways, but when you commence to get big bumps on your forehead and to have dope dreams of being a second Rockefeller, it is it back to earth and wake up before the bubble bursts.

You'll go to the bad trying to be too much and some more.

Maybe you're a happy mind and if so you're better off than I. You were a worried millionaire.

Overhauling torments don't always mean light hearts and good appetites.

Take a lesson from Napoleon. He was happy enough until the time he crossed got to work in his tank tank, and then he flew off his noodle and started out to conquer any old world in sight. They couldn't come fast enough for him. He was hungry to eat up a few more planets and put a couple of dozen more empires on the blink. He started out by shaking poor old Josephine, and she put the kibosh and a couple of black-hand curses on him, and the struck good and plenty.

He was a conqueror from Conquerorsville, but he got to reading the wrong dope sheet and smoked too many of the sure-success pills.

Mr. Wellington, who was in the duke business, met him one day out near the gashouse and two loads of Waterloo and put the double cross on him to a soulful finish. They gave him a free trip to St. Helena in the stockhold and turned him loose a la Robinson Crusoe.

Then something seemed to tell him he was a hum conqueror, and he had a couple of fits and turned up his toes.

They built a nice monument over him on which should have been graven "Too Much Ambition."

The moral is, keep where you belong. Don't try to butt in too high, for the higher you go the harder you fall.

You might be president some day, but the chances are you won't. You have about as much chance as a polar bear in hades.

But don't let it worry you.

Get what you can, and get it easy. If you can't be a king, you can be a jack, so what's the use.

Cut that worry thing and get the smile on.

Save your truck works and your digestion. A full stomach is better than a bum kingdom. anyhow. Look your ambition and bent back to the simple life. There is more fun fishing in the woodland brook than dodging dynamite bombs or being chased all over your empire by anarchists.

Uneasy rests the ant that wears a crown.

Sit on your ambition and get happy.

ADA, OKLAHOMA

Now that William is 60 years old it will be hard for him to pose as a boy kaiser.

"Women and children first," said Capt. Sealby. This is still the age of chivalry.

Though 60 years old, the kaiser is still picking up bits of valuable information.

The Cornell university library now contains over 353,000 volumes and more than 53,000 pamphlets.

The sale of matches made of white phosphorus has been prohibited in England by act of parliament.

Another good thing about the water wagon is the small amount of repair bills ever incurred on its account.

New York doctor says that happy childhood on a farm is impossible. Please note that a New York doctor says it.

Mr. John D. Rockefeller's physician has assured him of living to be 100. A doctor worth having? May his patient never miss his old friends, either.

In Oregon a ten-inch hatpin is to be the limit. Thus are slang and legal phraseology working pleasantly hand in hand in the interest of a great and good cause.

Miss C. de H. Bonest is the first woman driver of a motor omnibus in England. She was the only woman to take the examination for motor engineering recently held in London.

A woman in New York wants a divorce on the constitutional ground of involuntary servitude. This is merely another variation of the time-honored demand of the woman to boss the weaker sex.

Now a traitor to her sex comes forward to explain, jokingly how a woman is to be told by her wrinkles. As if in this age of beauty culture and perennial youth anybody ever saw such an anomaly as a wrinkled woman.

A tunnel more than a mile in length, said to be the longest in existence for use by a municipal electric railway has been opened for operation by the Genoa Street railway. It connects Genoa with the adjacent large community of Rivaloro.

Many persons who are otherwise total abstainers permit the use of whisky as a stimulant in case of accidents. It is interesting to note that the regulation first aid stimulant for miners is becoming not alcohol but coffee and aromatic spirits of ammonia.

Kansas proposes to teach its women citizens how to cook. And Kansas is a state in which women have the right to vote. These things may find their way into a potent argument to use to overcome the masculine opposition on the lines of the celebrated recipe to make a man happy—Feed the brute.

Evidence is accumulating that the Chinese in some parts of the empire are enforcing the edict against the cultivation of the opium poppy. When orders were issued to certain peasants against the further cultivation of the poppy near Amoy and resistance was offered by more than 2,000 of them the authorities used force against them.

Kansas is about to have a law that will make it a penitentiary offense for a fruit tree agent to sell one kind of a tree and deliver another and the purchaser is given seven years in which to detect the fraud. The Kansas farmer has been fooled so often by these agents that he has at last turned like the proverbial worm says the Indianapolis Star.

Society people who want a new fashion frequently revive an old one which explains perhaps why earrings have "come back." While they have been "out" they seem to have been glowing. At the opera recently a woman of New York society displayed a pair of pendants five inches in length, and informed her friends that they were the latest thing from London.

At the woman suffrage banquet in New York which was addressed by Mrs. Claience Mackay, the social leader, she wore a handsome gown of a soft gold color chiffon velvet with old gold lace and a large brown picture hat with lace and brown plumes. Congratulations to the suffragettes upon having at last acquired the art of making their gatherings attractive as well as more or less interesting.

## NEW STRENGTH FOR WOMEN'S BACKS.

How to Make a Bad Back Better.

Women who suffer with backache, bearing down pain, dizzy spells, and that constant feeling of dullness and tiredness, will find hope in the advice of Mrs. Mary Hisson of 21 Strother St., Mt. Sterling, Ky. "Had I not used Doan's Kidney Pills I believe I would not be living to day," says Mrs. Hisson. "My eyesight was poor, I suffered with nervous, splitting headaches, spots would dance before my eyes, and at times I would be so dizzy I would have to grasp something for support. My back was so weak and painful I could hardly bend over to button my shoes and could not get around without suffering severely. Doan's Kidney Pills helped me from the first, and I continued until practically well again."

"You would greatly oblige me if you would introduce Kansas Lightning Oil at Millerville, Ill., as I have many friends and relatives there, in whom I am much concerned, and I understand the Oil is not kept there. I can recommend it as the best medicine I ever had in my house. It cured me of a bad case of the Bloody Flux in less than one half hour, and it cured my granddaughter of a bad case of Cholera Morbus in a very short time."

Distinction Without Difference  
While holding a term of court at Augusta once, Judge Walton sentenced a man to seven years in prison for a grave crime. The respondent's counsel asked for a mitigation of the sentence on the ground that the prisoner's health was very poor. "Your honor," said he, "I am satisfied that my client cannot live out half that term, and I beg of you to change the sentence." "Well, under those circumstances," said the judge, "I will change the sentence. I will make it for life instead of seven years."

Her Logic.  
Anna Margaret had a great many toys, and her mother thought she ought to give some of them away before Christmas to less fortunate children. Anna Margaret was willing to part with the broken trunk and the cracked set of dishes and the one-legged Teddy bear, and a few other toys that were in the same dilapidated condition. But when it came to her pet baby doll, the one that went to sleep with her every night she rebelled. Mother assured her that Santa Claus would undoubtedly bring her another doll even better, but she refused to be comforted. "Mother," she wailed, "if God sent Aunt Jessie another baby, would she give Baby Jean away?" She kept her doll.—Harper's Bazar.

PRIZE FOOD  
Palatable, Economical, Nourishing.

A Nebraska woman has outlined the prize food in a few words, and that from personal experience. She writes: "After our long experience with Grape-Nuts, I cannot say enough in its favor. We have used this food almost continually for seven years."

"We sometimes tried other advertised breakfast foods but we invariably returned to Grape-Nuts as the most palatable, economical and nourishing of all."

"When I quit tea and coffee and began to use Postum and Grape Nuts I was a nervous wreck. I was so irritable I could not sleep nights, had no interest in life."

"After using Grape-Nuts a short time I began to improve and all these ailments have disappeared and now I am a well woman. My two children have been almost raised on Grape-Nuts, which they eat three times a day."

"They are pictures of health and have never had the least symptom of stomach trouble, even through the most severe stage of whooping cough they could retain Grape-Nuts when all else failed."

## HOME TONIC FOR OLD PEOPLE

Wonderful results, eventually restoring full physical vigor, are obtained from the following. To one half pint good whiskey, add one ounce syrup sarsaparilla and one ounce Tonic compound, which can be procured from any druggist. Take in teaspoonful doses before each meal and before retiring.

Architectural Note.  
Judge Balcom was talking to a crowd on the street a few days ago, telling them the proper way to put shingles on a house. He said: "The old rule was to allow six inches of the shingle to 'show to the weather,' but that is too much. You should allow not more than four inches to show." Some were remarked in a matter-of-fact tone to the judge: "How would it do not to let any show?" The judge replied, "I've seen roofs made that way, but it takes a great many shingles." Then the judge wanted to get mad when the crowd laughed.—Wiggins County (Ga.) Citizen.

Professor Munyon has just issued a most beautiful, useful and complete Almanac, it contains not only all the scientific information concerning the moon's phases, in all the latitudes, but has illustrated articles on how to read character by phrenology, palmistry and birth month. It teaches beauty culture, manicuring, gives weights and measures, and antidotes for poison. In fact, it is a Magazine Almanac, that not only gives valuable information, but will afford much amusement for every member of the family, especially for parties and evening entertainments. Tenderness.  
It was in the hotel of a western mining town that the New England guest, registering in the office, heard a succession of yodel yells.

What in the world is that—a murder going on upstairs?" he demanded. "No," said the clerk, as he slammed the book and lounged toward the stairs. "It is the spring bed up in No. 2. That tenderfoot up there don't get the hang of it, and every few days he gets one of the spiral springs screwed into him like a shirt stud. I guess I'll have to go up, if there ain't anything more I can do for you for a few minutes."—Youth's Companion.

Thoughtful Child.  
They are considerate youngsters in England, as most people know. A little boy whose grandmother had just died wrote the following letter, which he duly posted: "Dear Angels, We have sent you grandma. Please give her a harp to play, as she is short-winded and can't blow a trumpet."—London Tit Bits.

# Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

## FOUR KILLED AND FOUR ARE WOUNDED

OFFICERS AND NEGROES HAVE  
PITCHED BATTLE ON  
HICKORY GROUND.

Forty-one Prisoners Are Taken to  
Jail in Muskogee—Officer Fowler  
Fatally Wounded.

The dead:  
Will Colbert, negro  
Three unidentified negroes  
The injured:  
Timothy Fowler, white, shot  
through head and abdomen. Will die.  
Stas Foster, negro, hip broken.  
John Black, negro, shot through  
thigh.  
Leo Kimball, negro, arm broken.

N. Muskogee, Okla., March 25.—Four  
negroes were killed, four wounded  
and Henry J. Fowler, a white man,  
60 years old, member of the sheriff's  
posse, fatally wounded in a pitched  
battle between 14 officers of McIntosh  
and Okmulgee counties, which oc-  
curred at Old Hickory Ground, the  
stomping ground of the Snake In-  
dians, six miles southwest of Henry-  
etta, this morning.  
The battle lasted from daybreak  
until 9 o'clock. The negroes were  
wounded and 41 prisoners and sixteen  
steel ball rifles captured. Forty of  
the prisoners were loaded on the  
Missouri, Oklahoma & Gulf train and  
brought to Muskogee tonight. They  
were held in the federal jail until  
9:30 and taken to Enfield, the county  
seat of McIntosh county.  
G. W. Chappell of Henryetta, who  
was in the fight, told the story of  
the battle: "A. W. Patty, a deputy  
sheriff, of McIntosh county, was sent  
to Hickory Ground yesterday morn-  
ing to search for some stolen goods.

He was met by a crowd of armed  
negroes who told him to move on.  
They pointed their guns at the of-  
ficer and threatened to brain him  
with an ax. Patty returned to Hen-  
ryetta and secured the assistance of  
thirteen deputies. The posse went to  
a small store near Hickory Ground  
last evening and Patty was fired upon.  
There were perhaps a hundred ne-  
groes, and we retreated. During the  
night we crawled up around their  
camp. One of the negroes saw one  
of our men at daybreak and opened  
fire. We had dispatched Officer Joe  
Ferguson for more aid the night be-  
fore and were expecting help at any  
moment. So hot was the fire of the  
negroes that we had to fight from  
our trenches. Tim Fowler raised his  
head to survey the surroundings and  
was hit by a steel bullet in the body.  
He cannot recover. We exchanged  
about 400 shots. The negroes were  
routed and we surrounded those who  
had scattered and made them sur-  
render. It was a hard fight, lying  
on our stomachs on the ground and  
fighting the best we could."

The officers, after reaching here to-  
night, were fatigued from the long  
struggle. None had eaten a meal since  
yesterday noon.

The battle was the result of trouble  
last July, when the Snakes defied the  
state officials. There were but a half  
dozen Indians in the gang brought  
here tonight. The negroes are a part  
of the Snake faction which has been  
credited with many depredations in  
McIntosh and Okmulgee counties for  
the past six months.

Two wounded negroes were taken  
to Henryetta today. It is the belief  
of the officers that a number of the  
wounded escaped.

## LETTER FROM WEATHERFORD.

Mrs. Dunstan Writes of the South-  
western Normal School and  
Congratulates Ada.

Weatherford, Okla., March 25.—  
To the Ada News: The contract for  
the new building has just been let.  
It is to cost \$95,000 and is to be  
strictly modern in every detail. Work  
on the building will be begun next  
week and the builders are under con-  
tract to have it finished by January  
next. The completion of this build-  
ing will put the Southwestern in ample  
shape to care for its increasing pa-  
trons.

Prof. W. S. Bryan, head of the Ed-  
ucational Department, has been trans-  
ferred to Edmond as vice president  
and Supt. Lynn Glover of Bartles-  
ville city schools fills the vacancy  
here.

Basket ball season closed a week  
ago making a creditable showing for  
the Southwestern. The base ball sea-  
son opened last Friday, the Cordell  
team playing the Southwestern here  
to the tune of 3 to 10 in favor of  
the Southwestern.

Prof. Geo. A. Landrum, head of the  
Expression Department, goes to Fred-  
erick this week to give an entertain-  
ment and in the meantime speak a  
good word for our school.

Vice President Cowart and several  
other members of the faculty made  
a business trip to Guthrie this week.

On March 19th, the Faculty of the  
Southwestern gave a banquet at the  
home of President Sharp in honor of  
Senator Williams. As a token of  
their appreciation for his valuable  
services rendered the Southwestern  
during the first and second sessions of  
the legislature.

On April 1st the Southwestern Or-  
chestra and Glee Club and the Ex-  
pression teacher, Prof. Landrum go to  
Elk City for an evening's enter-  
tainment. On April 2nd for one  
night's program, at Sayre. On April  
3rd, will be with the Custer county  
teacher in Clinton. We have real tal-  
ent in our music department and feel  
sure that at each place we will be  
ably represented and expect them to  
give each town an entertainment they  
will appreciate. Prof. Landrum is a  
reader of reputation and always  
makes good, both on the stage and  
in the class room.

The Southwestern has followed the  
efforts of the Ada people in their  
struggle for the Normal and fully  
appreciate the advantages it gives  
not only for Ada but for the neigh-  
boring towns and surrounding coun-  
try. There is no way to estimate the  
lasting good a State Normal school  
will give any country and it is worth  
every effort and price a town can  
give.—Mrs. Dunstan.

## EDITOR AND LEGISLATOR SECRETARY TO HASKELL

W. B. ANTHONY WILL RESIGN AS  
REPRESENTATIVE.

To Succeed J. M. Sandlin as Private  
Secretary to the Governor  
of Oklahoma.

Guthrie, Ok., March 25.—Gov. Has-  
kell tonight announced the appoint-  
ment of W. B. Anthony, editor of the  
Marlow Review, and member of the  
Legislature from Stephens County, as  
his private secretary, vice J. M. Sand-  
lin, who becomes judge of the Logan  
county superior court. The change  
will take place not later than Mon-  
day, by which time Mr. Anthony will  
have tendered his resignation as a  
member of the legislature.

Some days ago Attorney General  
West gave an opinion that prevented  
Anthony's appointment, inasmuch as  
Mr. Anthony was a member of the  
State's lawmaking body, hence barred  
by the constitution from accept-  
ing another office. Today, however,  
the Attorney General reached the con-  
clusion that the position of private  
secretary was not an office within the  
meaning of the constitution. The an-  
nouncement of Mr. Anthony's appoint-  
ment followed.

The new Secretary was a member  
of the First Legislature and the au-  
thor of tax laws which bear his name.  
He managed the general revenue bill  
passed by the second legislature as  
chairman of the house committee on  
revenue and taxation.

## Big Reception Planned.

Guthrie, Okla., March 25.—Thirty-  
six hundred invitations have been is-  
sued by the officers of the state ad-  
ministration to the grand reception to  
immediately follow and honor the  
nuptials of Miss Frances Lillian  
Haskell and Leslie Niblack next Wed-  
nesday night. No invitations have  
been issued for the wedding which  
will be performed in Governor Has-  
kell's office. The reception is in-  
tended to be the greatest in the his-  
tory of the state as is duly fitting  
the wedding of the charming daughter  
of Oklahoma's first executive to one  
of the most prominent editors in the  
state.

As many of the invitations are for  
"yourself and wife" it is expected  
that fully 5,000 will be present at  
the reception.

## MASS MEETING OF ADA CITIZENS

MEET IN 25,000 CLUB ROOMS YES-  
TERDAY AFTERNOON AND  
DISCUSS THE NORMAL  
VICTORY.

## DISCUSS PLANS FOR FUTURE

Decide to Tender Board of Regents  
Temporary School Facilities for  
Normal Until State Building  
Is Completed.

After receipt of information to the  
effect that the Ada Normal Bill had  
been signed by Governor Haskell, E.  
H. Lucas, president of the 25,000 Club  
and an indomitable and intrepid spir-  
it, sent out a hurry-up call to the cit-  
izens to gather in the club rooms at  
five o'clock for the purpose of hold-  
ing an informal jubilee and discuss-  
ing plans and appointing committees  
for future action.

The first proposition discussed was  
that of providing facilities for the  
Normal pending the completion of the  
new structure. Croxon, McKee and  
Tonbett, of the city school board,  
were called on for short talks rela-  
tive to this question. Mr. Croxon  
stated that the school board had  
gone over the proposition before and  
had decided to go their full length  
toward making adequate arrange-  
ments in the way of facilities for  
the normal. Judge McKee expressed  
the opinion that the new city school  
buildings would be near enough com-  
pletion that these, together with the  
old buildings, would furnish ample  
quarters for both city school and  
normal students. He further stated  
that it was the sense of the board  
to go the limit in providing ample  
accommodations for the normal, also  
that he believed that his plan would  
meet the approbation of every citizen  
of Ada. Mr. Tonbett vouched for the  
previous statements and heartily ap-  
proved of the plans.

E. E. Matthews made a motion to  
the effect that it be the sense of the  
citizenship of Ada in mass meeting  
assembled, that we extend to the  
board of regents the immediate use  
of our city school facilities. The  
motion carried unanimously.

The next question discussed was  
that of holding a banquet and nor-  
mal celebration on the night of April  
3rd, at which time Governor Has-  
kell has consented to be present.  
This matter was thoroughly discussed  
and on motion the chairman ap-  
pointed the following committee on  
arrangements: C. M. Chauncey, E.  
W. Hardin, Geo. Thompson, J. T.  
Cona and S. M. Tolett. On mo-  
tion E. H. Lucas, the general chair-  
man, was added to the committee.  
This committee is to act in conjunc-  
tion with the women's clubs of the  
city who will arrange for the ban-  
quet.

It was decided to immediately send  
out invitations to all members of the  
legislature, the state board of re-  
gents and other prominent citizens,  
and an invitation committee com-  
posed of the following gentlemen was  
appointed: E. E. Matthews, F. J. Eit-  
ter, W. C. Duncan and W. H. Eber.

The committee on arrangements  
are already busy and are working  
out the details as fast as possible.  
We were handed a personnel of the  
reception committee this morning and  
it consists of the following five ones:  
R. M. Roddie, chairman; E. S. Rat-  
tiff, Frank Huddleston, F. J. Eit-  
ter, W. H. Eber, Jno. W. Beard, Otis E.  
Weaver, A. H. Constant, A. L. Beck,  
Tom Hope, J. W. Hays, M. W. Ligon,  
J. W. Hosen, C. M. Chauncey, W. L.  
Reed.

The banquet will be a five course  
affair and strictly up to the stand-  
ard. Tickets will sell at \$2.00 each  
and they won't last long either. C. A.  
Gallbraith will be toastmaster, and  
he will be assisted on arrangement  
by T. D. McKeown and J. F. Mc-  
Keel.

**THEY INJURE CHILDREN.**  
Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health destroying and a life lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associated bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, laxative, strengthening and healing remedial active principles of the best known medicinal regular tonics.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relax, dry muscular coat of the bowel, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associated organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c, and 36 tablets 25c. The Gwin-Mays Drug Co., West Main St.

## SLANG PHILOSOPHY.

## BY SARDONICUS

Ambition taken in overdoses leadeth to the bug ward and the hoary farm.

A little of it is all right, and goes a great ways, but when you commence to get big bumps on your forehead and to have dope dreams of being a second Rockefeller, but it back to earth and wake up before the bubble bursts.

You'll go to the bad trying to be too much and some more. Maybe you're a happy ahead and if so you're better off than I, you were a worried millionaire.

Overhauling foreheads don't always mean light hearts and good appetites.

Take a lesson from Napoleon. He was happy enough until the time microbe got to work in his think tank, and then he flew off his noodle and started out to conquer any old world in sight. They couldn't come fast enough for him. He was hungry to eat up a few more planets and put a couple of dozen more empires on the blink. He started out by shaking poor old Josephine, and she put the kibosh and a couple of black-hand curses on him, and then struck good and plenty.

He was a conqueror from Conquerorsville, but he got to reading the wrong dope sheet and smoked too many of the sure-success pills.

Mr. Wellington, who was in the duke business, met him one day out near the gashouse and gave him a Waterloo and put the double cross on him to a soulful finish. They gave him a free trip to St. Helena in the strokehold and turned him loose a la Robinson Crusoe.

Then something seemed to tell him he was a hum conqueror, and he had a couple of fits and turned up his toes.

They built a nice monument over him on which should have been graven "Too Much Ambition."

The moral is, keep where you belong. Don't try to butt in too high, for the higher you go the harder you fall.

You might be president some day, but the chances are you won't. You have about as much chance as a polar bear in hades.

But don't let it worry you. Get what you can, and get it easy. If you can't be a king, you can be a jack, so what's the use.

Out that worry thing and get the smile on.

Save your think works and your digestion. A full stomach is better than a hunk kingdom, anyhow. Look your ambition and heat back to the simple life. There is more fun fishing in the woodland brook than dodging dynamite bombshells or being chased all over your empire by anarchists.

Vineyard rests the out that wears a crown. Sit on your ambition and get happy.

**THEY INJURE CHILDREN.**  
Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest laxative medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently health destroying and a life lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associated bowel disorders. We have such absolute faith in the supreme virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. It embraces all the best qualities of the soothing, laxative, strengthening and healing remedial active principles of the best known intestinal regularizers.

Rexall Orderlies are extremely pleasant to take, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relax, dry muscular coat of the bowel, remove irritation, dryness and soreness, overcome weakness, and tone and strengthen the nerves and muscles, and restore the bowels and associated organs to more vigorous and healthy activity.

Rexall Orderlies not only cure constipation, but they remove the cause of this ailment. They also overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no similar medicine so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c., and 36 tablets 25c. The Gwin-Mays Drug Co., West Main St.

**SLANG PHILOSOPHY.**

BY SARDONICUS

Ambition taken in overdoses leadeth to the bug ward and the bony farm.

A little of it is all right, and goes a great ways, but when you commence to get big bumps on your forehead and to have dope-dreams of being a second Rockefeller, but it back to earth and wake up before the bubble bursts.

You'll go to the bad trying to be too much and some more.

Maybe you're a happy innkeeper and if so you're better off than if you were a worried millionaire.

Overhanging foreheads don't always mean light hearts and good appetites.

Take a lesson from Napoleon. He was happy enough until the time Napoleon got to work in his think tank, and then he flew off his moult and started out to conquer any old world in sight.

They couldn't come fast enough for him. He was hungry to eat up a few more planets and eat a couple of dozen more empires on the blink. He started out by shaking poor old Josephine, and she put the kibosh and a couple of black-hand curses on him, and that stuck good and plenty.

He was a conqueror from Conquerorsville, but he got to reading the wrong dope sheet and smoked too many of the sure-success pills.

Mr. Wellington, who was in the duke business, met him one day out near the gas house and lava beds of Waterloo and put the double cross on him to a soulful finish. They gave him a free trip to St. Helena in the stockhold and turned him loose a la Robinson Crusoe.

Then something seemed to tell him he was a hum conqueror, and he had a couple of fits and turned up his toes.

They built a nice monument over him on which should have been graven "Too Much Ambition."

The moral is, keep where you belong. Don't try to butt in too high, for the higher you go the harder you fall.

You might be president some day, but the chances are you won't. You have about as much chance as a polar bear in hades.

But don't let it worry you. Get what you can, and get it easy. If you can't be a king, you can be a jack, so what's the use.

Cut that worry thing and get the smile on.

Save your think works and your digestion. A full stomach is better than a full kingdom, anyhow. Look your ambition and beat back to the simple life. There is more fun fishing in the woodland brook than dodging dynamite bombisks or being chased all over your empire by anarchists.

Uneasy rests the put that wears a crown. Sit on your ambition and get happy.

Try a News "Want Ad."
